

# Home Care Packages

Our care advisors work with you and your family to support you to stay living at home or in the community.

Packages are tailored to your personal independence goals. Whether you require a little bit of help or a lot, a home care package can help you live life to the fullest, whatever that means to you.

Because we charge Care Advisory and service coordination by the minute, it allows you to maximize the funds available as well as getting the level of support you need when you need it most.
