Registered Office:
11 Glenlyon Road Brunswick VIC 3056

Published February, 2019. Supported by the Australian Government Department of Social Services. Supported by the State Government.

MerriHealth Young adult Services

Our services and support help put young adults on track for a healthy, connected and fulfilling life.

Health services

Audiology

Our audiology service provides hearing assessments for young people up to 18 years of age, to help with:

- > Early detection of hearing loss
- > Hearing vs. listening

Dietetics

This service can provide healthy eating and nutritional advice for people with a diet-related health problem. Information will be given on food choices to help form better eating habits. People can access this service for help with issues such as being over and underweight, chronic disease, high cholesterol, cancer, allergy and other issues.

Exercise physiology

Individual exercise assessments for young people with a variety of conditions including autism, cerebral palsy, muscular dystrophy and weight management. Exercise physiologists can help with physical activity advice to help you lead a healthier lifestyle. We can provide land-based, water-based, group, gym or home-based exercise programs.

Physiotherapy

Physiotherapy can help with movement and getting around, injuries and/or pain conditions. A physiotherapist can provide home-based exercise programs or may recommend water exercises, gentle gym classes and chair-based classes.

Podiatry

Podiatrists can help prevent and treat any feet, ankle and lower leg problems. They can provide information on how to avoid problems and advice on foot care and footwear.

Alcohol and drugs

One-on-one and group support for anyone aged 16-25, experiencing drug or alcohol use. We can also help with family and group support.

If you or someone in your family is affected by alcohol or drug use, you may feel alone, anxious and stressed. We can provide counselling to help you cope with this and help you to respond to other family members.

Carer support

Our carer support service is called CarerLinks, and helps carers of all ages with support, respite and advocacy. We provide help for young carers, aged carers, older families, disability carer support and mental health carer support.

Respite is a short period of rest or break. It is important for a carer to take a break from their role as a carer and daily challenges. Respite provides carers some time to focus on their wellbeing.

Merri Health

Healthcare that moves with you

Merri Health creates healthy, connected communities through local health services for people at every age and stage of life.

We know that at different times, your health needs change. That's why we support you throughout life, with services spanning from children's health to aged care.

NDIS made easy

Merri Health provides many services under the National Disability Insurance Scheme (NDIS) as it rolls out across Victoria. This includes:

Allied health

Support from an occupational therapist, speech pathologist and dietitian for people with all types of disabilities. We offer face-to-face appointments and assessments in your home or at a location that suits you, home modifications, Assistive Technology, referrals to other services, easy to read reports for your NDIS planner or Local Area Coordinator, and functional assessments to build your capacity and independence.

MerriKids

MerriKids support children with a developmental delay and/or disabilities, and their families. Providing early childhood intervention, our team works in partnership with you to develop strategies to support the health and wellbeing of your child.

Support coordination

A skilled and experienced worker will help you identify, coordinate and meet your needs. We will work in partnership with you to help you access the supports and services you want and need to live a fulfilling and happy life.

This could involve staying connected with your community, finding the right services for you and identifying your needs to ensure your personal goals are met. We will support you when you make decisions about your health to ensure the best outcomes for your personal situation.

Mental health

The Healthy Mind Hub is a place to improve your mental health and get the most out of life. We'll partner with you on your recovery journey to help you work through mental health issues and reach your goals. We offer community group activities tailored to suit your needs, your strengths and your interests. We support you to build your confidence, make new friends and connections, grow your skills and boost your mental wellbeing.

Would you like to know more?

Healthcare
that moves
with you

Community nursing

This service can help you with a health assessment, information, support and referral to another service. Some assessments are completed in the community, if needed

Counselling

Youth counselling

Our team provide short to medium-term counselling for young people aged 12 to 25 years to help you cope and respond to your concerns.

This may include difficulties with family and friends, school, relationships, mental health, sexuality, assault, family violence, anger management, body image issues, eating disorders or any other troubles you may be experiencing.

Drop-in community service

Our drop-in service is known as DUTY and provides one-off help to address your needs. It is provided from 93 Bell Street Coburg, from 1pm to 3pm, Monday to Friday.

Our workers are professionally trained and it is a confidential service. As this is a drop-in service, an appointment is not needed, however a maximum of four people can be seen per day. We also provide telephone interpreters if needed.

Family violence counselling

This specialist service provides counselling and support for women and children who have gone through or are going through family violence. We help you to recover from family violence, support your safety, help you to not feel alone and connect you to your community.

Educational programs

Puberty and Human Relations Program

This program is called *Relate*. It is a fun, interactive group program for people with disabilities to learn about healthy relationships. We run group programs in schools and community settings. *Relate* is funded through the National Disability Insurance Scheme under *Improved Relationships*.

School Focused Youth Service

This service works in partnership with schools and community organisations to support at-risk young people. It helps re-engage very early school leavers and support disconnected, vulnerable and homeless young people.

Group activities

Group activities are provided at the Healthy Mind Hub. We support you to improve your mental health and get the most out of life. We'll partner with you on your recovery journey to help you work through mental health issues and reach your goals.

There are lots of opportunities that can be suited to your interests, like social outings, creative arts groups, life skill development, health and fitness programs and personal development groups. Activities are held at our many sites across the region, offering a safe, welcoming and supportive community where people can come together. It's a chance to make new friends and connections, grow your skills, and support one another.

One-on-one support

One-on-one support for people aged 16 and over, experiencing mental health issues.

Known as the Personal Helpers and Mentors program, we work with you in your home and in the community to support you with things like living skills like cooking, budgeting or using public transport, building your confidence, improving your physical health and linking you with other services like housing, employment and fun activities.

Queer health: alcohol and drugs

One-on-one, couple and family counselling to anyone that identifies same-sex attracted and gender diverse, and is experiencing alcohol and drug issues. This free and confidential service is known as Q Health.

Queer youth theatre

Our queer youth theatre is known as YGLAM and is for same-sex attracted and gender diverse young people aged between 14 to 25 years. Rehearsals occur weekly. No experience is necessary, just enthusiasm and commitment!

Victims Assistance Program

This program provides help for people who have experienced violence. We can help you cope with the effects of the crime by taking you through 'legal talk', finding support services and helping you feel safe again. We also help family members of victims of a violent act, dependents and partners of people who have died as a result of an act of violence.

Respite

Our respite program is known as Interchange North West and provides respite for families of children and young people with disabilities.

Respite is a short period of rest or break. It provides some time to focus on your wellbeing.

We have a recreation program that offers fun, community-based activities for children and young people with disabilities. Activities are run in a group setting where members share similar interests, hobbies and are of a similar age. We also have a volunteer host program, where specially trained volunteers provide regular respite to families that have children with disabilities.

Costs

There is a small fee for some of our services. Some of our services are free. To find out whether there is a fee for a service, visit our website www.merrihealth.org.au and search for 'fees' or call 1300 637 744.

Merri Health is an inclusive service provider. We are committed to providing safe and high quality services that are inclusive and respect the needs, wants and aspirations of all people.
