ReConnect Pain Management Program (rPMP)

What will I gain from attending the ReConnect Pain Management Program?

- Improve your function (physical, social and emotional)
- Assist you to re-explore skills to deal more effectively with pain (e.g. goal setting, mindful awareness, pacing, flare-up management, exercise and mindful movement)
- Improve your understanding of how general, physical and psychological health factors influence your pain
- Decrease pain-related fear
- Facilitate re-connection with all parts of yourself, even the painful ones

The Details

This program runs for 5 weeks, twice a week for approximately 3 hours each session. It is run in a small group with no more than 12 participants.

The group is currently run on a Tuesday and Thursday afternoon.

For specific start dates, please speak with your pain care team.

Supported by the State Government

Supported by the Australian Government Department of Social Services
